Yes it is still on my to do list to talk with the State and Regional Board about the Santa Monica NEP. Probably more in the next 5 year time frame than 20. Will keep you posted.

Thanks Sam. This looks good. In reviewing my notes from last Fall on the Santa Monica Bay governance issue, you were going to convene a discussion with the state about the amount and types of resources (i.e. space, personnel,) they will invest over the next ~20 years to guide the Management Conference through developing a new structure to leverage the relative strengths of the various NEP partnerships. Is this what you were referring to during our call today, as a follow up action with the state?
